Greetings,

After reviewing the Interim Progress Program Report (IPR) submitted by the University of Oklahoma Division of Architecture, the National Architectural Accrediting Board (NAAB) has concluded that the program has demonstrated progress toward addressing deficiencies identified in the most recent Visiting Team Report.

In addition to the mandatory information required by the 5th-year IPR in 2020, the report should also address the following issues:

1. The status of plans for financial autonomy;

2. The status of faculty positions necessary to meet projected enrollment growth, and

3. Documented evidence of progress toward correcting SPC B.2 deficiency. Statistical Reports are still due annually.

If you have any questions regarding this matter, please contact the NAAB office.

Very truly yours,
